Nisrina Masyitah Binti Mohd Nor Zaidi

01125618247 | nisrinamasyitah@gmail.com | linkedin.com/in/nisrinamasyitah | @nisrinamasyitah | portfolio nisrina masyitah

Objective

Cybersecurity undergraduate with hands-on experience in full-stack development, network security and CTF competitions. Seeking a permanent position starting March 2027 to apply skills in secure system design, vulnerability assessment and software development within a dynamic technology environment.

Education

Multimedia University (MMU) Cyberjaya, Malaysia
Bachelor of Computer Science (Specialization in Cybersecurity) 2023 – 2027
– Relevant Coursework: Network Security, Digital Forensics, Cryptography, Full-Stack Web Development, NLP

Multimedia University (MMU) Cyberjaya, Malaysia
Foundation in Information Technology 2022 – 2023

Research & Projects

Sentinel Labs – Cybersecurity Platform 2026
React, TypeScript, Vite, Node.js, Docker, Public Security APIs (HIBP, SSL/Headers)
- Built a self-serve recon/scan flow where users submit a target domain and email, triggering a backend scan job with live status tracking and automated email delivery of results.
- Designed a component-driven landing experience (animated terminal-style scan output, network threat-map visualization, custom hero/nav) using React, TypeScript, and Tailwind for a distinctive cybersecurity aesthetic.
- Containerized the full stack with Docker Compose and structured a dedicated client portal (React Router) for viewing scan/report results post-authentication.

GovCare+ – Secure Intelligent Complaint Routing System 2026
React, Firebase, Python, NLP (BERT), Vercel
- Built a multilingual government complaint web app (Malay, English, Mandarin, Tamil) using NLP (BERT) to automatically classify and route complaints to the correct department.
- Implemented secure user authentication, real-time database management, and a responsive frontend interface for both citizens and administrators.

NelMora Parfums – E-Commerce Business Website 2025
Next.js, Node.js, Express, PostgreSQL, Stripe, Billplz, Vercel, Railway
- Built a full-stack e-commerce website for an independent fragrance brand with SEO-optimised Next.js frontend, Node.js + Express backend, and PostgreSQL database.
- Integrated Stripe and Billplz for real payment processing; deployed on Vercel and Railway with HTTPS, helmet.js, and rate limiting for production security hardening.

Personal Portfolio Website 2024
HTML, CSS, JavaScript
- Designed and built a fully responsive personal portfolio from scratch without frameworks, showcasing projects, technical skills, and professional background with clean UI/UX principles.

Experience

Information Technology Engineering 2026 – Present
Internship | Consurv Technic Sdn Bhd , Kuala Lumpur , Malaysia
- Conducted penetration testing on internal company web portals, identifying vulnerabilities including broken access control, missing rate limiting, and exposed services.
- Contributed to the development and maintenance of the company's internal portal, alongside managing website upkeep and operations.

Honors & Activities

ICTF 2026 Prep Workshop | Participant – OSINT, Cryptography, Web Exploitation, Reverse Engineering, Forensics 2026
MY Hack 2025 | Participant – Applied offensive security techniques in a competitive CTF-style hacking event 2025
Zero to App Flutter Workshop | Participant – Cross-platform mobile development with Flutter 2025

Technical Skills

Languages: Python, JavaScript, HTML, CSS, SQL, PHP, Java, C++
Frameworks: React, Next.js, Node.js, Express, Flutter, Python Flask, Firebase Cloud Functions, Bootstrap 5, BERT (NLP)
Databases/Platforms: MySQL, PostgreSQL, SQLite, Firebase, Docker, Vercel, Railway, Apache (XAMPP)
Payments/Security: Stripe, Billplz, HTTPS, helmet.js, rate limiting, session-based auth, role-based access control
Cybersecurity Tools: Kali Linux, Wireshark, OWASP ZAP, StrongSwan, GNS3, VirtualBox, pfSense
CTF/Offensive Security: OSINT, Web Exploitation, Reverse Engineering, Digital Forensics, Cryptography
Languages (Spoken): Malay (Professional), English (Conversational), French (Basic)
